

# NOTED EVANGELISTIC COMPANY COMING TO CITY OF CLARKSBURG

Will Appear in the Central Christian Church Here Tomorrow Night Only.

On Tuesday evening the Minges Evangelistic Company will be at the Central Christian church for one service.

Members of the Christian church, having learned that Mr. Minges and his company would be passing

members of the company are already in Morgantown beginning the meeting.

Those coming here are William J. Minges, evangelist; Mrs. Luella McCaleb Minges, harpist, soloist and superintendent women's meetings; Miss Irene M. Carter, superintendent of personal work; and Ray Emerson Jordan, soloist.

This is one of the strongest teams now evangelizing in America. They have conducted many notable union

## GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt, which removes the body's urinary waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Advertisement.

fine pulpit orator." The Brook, Ind. Reporter, after speaking similarly of the evangelist, adds: "In addition to his power and influence as a preacher he is accompanied by one of the most brilliant and accomplished bands of singers that ever charmed an audience in the city with sacred songs and enchanting music. Each of the

members of this band of personal workers is an artist in the profession and they are inveterate laborers in the vineyard of the Lord."

Hear these talented Christian workers, who will be here for one night, Tuesday, October 17.

## WILSON POLICY LEADS TO WAR, WILLCOX SAYS

Foreign Nations Will Intervene unless Mexican Trouble is Settled.

WASHINGTON, Oct. 16.—William R. Willcox, chairman of the Republican national committee, discussing the popular slogan of the Democratic party in this campaign, "He (Wilson) has kept us out of war," makes the assertion that any man who may have been favorably disposed toward the president by this contention will, if he but thinks for himself, soon become convinced that Mr. Wilson is "following a course which must inevitably lead this nation into war." Chairman Willcox asserts that Mr. Wilson's course in Mexico will make war not only with that country, but with European nations, unescapable because it is evident to intelligent men that present conditions in Mexico cannot endure.

Throughout that half-settled but once prosperous country absolute anarchy exists, the rights of no man are respected, might alone prevails, and while Carranza with the aid of the United States is now in control in Mexico City his authority is constantly disputed and defied. Mr. Willcox points out. He calls attention to the fact that Villa, on whose head President Wilson set a price, still lives and constitutes a menace to Carranza, as he will to anyone else who becomes head of the de facto government.

Foreign Interests Ignored. Chairman Willcox declares that Mexico has been developed almost entirely by foreign capital and, hardly a week passes, he says, but the ambassadors of some foreign powers knock at the doors of the White House, demanding for their citizens in Mexico a protection which Carranza is unable to give them if he would, a reimbursement for losses which Carranza is unable to give them. Along this line Chairman Willcox continues:

What, then, is to be the outcome of this situation? What has been the outcome of similar conditions in the Philippines and Cuba, in Haiti and Santo Domingo? The people of these countries have been unable to establish order themselves and in each it has been necessary for the United States, by force of arms, to restore order and establish a government which could maintain it.

When certain situations arise no president can prevent war—and the Mexican policy of this administration is precipitating just such a situation.

Responsible for Anarchy. Everyone but President Wilson's apologists and supporters hold Mr. Wilson responsible for the anarchy which exists in Mexico today; believe that his personal attack on Huerta—who had it to his credit that he had

## WOMAN WEAK, RUN DOWN

Finds Health in Simple Tonic. People in Clarksburg will begin to believe us when we say that our delicious Vinol is a wonderful tonic and strength creator.

Here is another case where it has proved its wonderful power to overcome weak, run-down, nervous, anaemic conditions.

"I was run-down, nervous and could not do my work without being entirely exhausted, and would often faint without any apparent cause. The doctor said I was anemic but failed to help me. My husband brought home a bottle of Vinol and I began to improve after taking one bottle, and after taking four bottles it has built me up so I can do all my household work without help. I recommended Vinol to a neighbor, who says her doctor approves of it and said 'Vinol is a wonderfully good tonic.'" Mrs. Beatie Hering, West Philadelphia, Pa.

We recommend Vinol to our customers as the greatest strength creator we know—due to the beef and cod liver peptones, iron and manganese peptones and glycerophosphates, all contained in Vinol. ## NOTED SUFFRAGIST TOURS FOR HUGHES

Mrs. H. O. Havemeyer.

Mrs. H. O. Havemeyer, New York suffragist, is speaking in the west for Charles E. Hughes. "I have come from the east to help you women in the west gain your rights politically, legally, civically and nationally," she told Illinois women voters.

never injured Americans or other foreigners, was as terrible, as it was an unpardonable blunder; that the encouragement lent, first to Villa and later to Carranza, was as reprehensible as it had been futile. But whether these views are accepted or rejected, the fact remains that the Wilson policy is heading the United States towards war as unerringly as the bullet seeks its mark.

And every day of "watchful waiting" and "deadly drifting" only brings the conflict one day nearer. More than thirty Americans and 300 Haytiens and Santo Domingans have been killed during the Wilson interventions, while both countries are still occupied by the military forces of the United States.

## TRACTION ROADS TO BE INSPECTED

Semi-Annual Trip Will Be Made by the Street Car Officials This Week.

FAIRMONT, Oct. 16.—The semi-annual inspection of the holdings of the Monongahela Valley Traction Company in the way of electrical railways will be made by the officials of the company on Wednesday and Thursday of this week.

A special car will leave Fairmont Wednesday morning traversing the line to Clarksburg. The party will inspect the lines from that city to Bridgeport and to Norwood and return and thence to Weston.

At Weston the new terminal station will be the center of interest. This new building now under construction is one of the most imposing in the capital of Lewis county. It is situated on Main street. The walls of the structure are completed and will soon be under roof. It is something of which the people of West Virginia feel proud.

On returning to Clarksburg the party will make a thorough investigation of the new terminal station there. This is a building of vast proportions and the construction work is progressing nicely. Another new piece of work to be inspected will be the limestone cutoff to O'Neal. This is a new road over which regular service was installed Friday morning.

Returning toward Fairmont a stop will be made at Gypsy to look over the ground for some proposed improvements and to inspect the power plant. Coming farther on the party will go over the Lumberport extension.

The party will then proceed to the Hutchinson power plant where a considerable amount of work has been done since the last inspection. The special car will return to Fairmont about six o'clock.

Thursday a special car will carry the inspection party to Ida May and Carolina. The Western Maryland railroad to these mining centers has been electrified by the Monongahela

## GREAT CROWD

Will Hear Stuart F. Reed at Salem Tonight, Despite the Inclement Weather.

SALEM, Oct. 16.—Despite the rain which was falling here today and which had made the roads almost impassable, it was predicted this morning by politicians that Secretary of

State Stuart F. Reed, Republican nominee for Congress from this district, would be greeted by a monster crowd tonight when he opens his Harrison county campaign with a speech here. Mr. Reed is very popular here, and many Democrats have declared their intentions of voting for him. The general opinion in this section is that the district should be represented in Congress by a man experienced in the affairs of state.

Mr. Reed will make three more speeches in the county: at Wallace Tuesday night, Bridgeport Wednesday night and Lumberport Thursday night.

**YES, "ON THE RUN."**  
The Democratic county chairman "confided" to a well known townsman Sunday that "we have them on the run" and to prove his statement he said "we are unable to place \$500 on the election." The townsman said: "I'll take that \$500 wager." There was a "run" then, but it was on the part of the Democratic county chairman. Even the next morning he did not see that \$100 he mentioned after his bluff had been called was forthcoming as a bet. If you do not believe this, ask the county chairman.
